PROFILE

My name is Viktor Mauzer from Đakovo, Croatia and I am actively looking for a Junior iOS Developer position. My experience is mostly in web development and design, but I am looking to switch fields into iOS development so I've spent some time learning which is reflected in the education section below.

EXPERIENCE

Web designer, web developer, graphic designer — McElit d.o.o [Sep 2019 - May 2021] — Croatia, remote

- Designing and building websites for marketing purposes.
- Building news and business websites.
- Creating graphic design for marketing materials (flyers, banners etc).
- Creating adverts for Google Ads & Facebook Ads
- Programming custom Wordpress Themes
- Organising and fulfilling tasks for an EU funded project which included a custom website with accessibility features and building a propagating publishing structure for multiple news websites.

Web designer, article writer, marketing — Freelancing [2015 - 2019] — Croatia, remote

- Designing and building custom websites (marketing landing pages, blogs).
- Writing articles for blogs.
- Creating ads using Google Ads & Facebook Ads.

Web designer — Udruga Info Tim Đakovo [2014 - 2015] — Croatia, Đakovo

- Building website profiles for local businesses to include in the registry.
- Copywriting
- Social media marketing
